MEDIC CLASSIC

10 YEARS GUARANTEE FROM THE DATE OF PURCHASE

shoptec grants a durability warranty on newly manufactured goods. This warranty does not restrict the customer's legal rights as per the provisions of the Consumer Goods Purchase Act, instead it grants them additional rights. This being said, we provide a durability warranty for a period of 10 years, with the following conditions:

- > With this warranty, we ensure that our goods do not exhibit any defects up to 10 years after purchase, such that would significantly reduce their value or usability. Defects must be reported immediately after the defect has been detected.
- > We hereby commit to provide the components covered in this warranty in a reasonable period of time after reported free to send to the original delivery address. The costs for material and transport will be covered by shoptec. The parts replaced due to defects become our property. This warranty does not include claims that exceed the repair of the defect.

CERTIFICATE

Durability guarantee

- > Material defects not covered by this warranty include those resulting from incorrect or improper usage, faulty installation or faulty and/or negligent treatment or those caused by improper modifications made without our approval.
- > The warranty services do not bring about an extension or renewal of the warranty period. Warranty claims lapse within two years after the claim has been made.

The customer can direct warranty claims to: Tel. +49 7393 87300-11 · info@shoptec.com · www.shoptec.com
